This is a good ordinance. We do not see how it can be improved, as far as it goes. It was introduced by Alderman Harris, and unanimonsly adopted by the Board of Aldermen; and, if carried ont, it will secure peaceable voting. We hope It will pass the other Board, and be strictly executed. We are satisfied that the present reso-Inte Chief of Police will keep the peace under this ordinance, if he has elbow room. In order to guard against difficulties, and ronler this ordinance the more easily executed, it is important to have more voting places. The additional voting places will make but a trifling addition to the ex pense, and the security against collisions at the polls is too important to be neglected.

There is another measure of justice: the officers of the election, indaes, sheriffs, clerks, &c., should be equally divided between parties, or as nearly so as possible. This is so plainly fair and just that the refueal to grant it by any party is an advertisement that they don't intend a f ir election We are glad, however, that the Board of Aldermen have so far dene their duty to the city in the passage of this ordinance. OF THE UNITED STATES An advertisement of Mr. UDOLPHO WOLFE, lately published. as I suppose, for the protection of his Schie dam Schnapps against connterfeiters, has come under my observation; and, being engaged in the manufacture of Schiedam behnapps, wera I toletit pass with u notice, I might be considered among those he denominates "Parates and Fenders of Poisses." But the im mense patronage and success that has attended the sal of the article manufactured by me, and the opinion of competent junges as to its qualities as a beverage and its medicinal virtues, precindes the possibility of the idea that I am included among those he designs to im pugn. No doubt he feels aggrieved at the depreciation of the sale of his schnapps, which is manifest to all since mine has been brought into competition with his Not only have I succeeded in competing with him quality, but the constant and increasing demand fo my article will soon satisfy him that his cantion to the citiaens of the "Southern and Western States" will avail him nothing as far as I am concerned. The character of my Schie iam Schnapps is too well estab ished in those States to be injured by any such lavidi ons publication. The motive of his advertisement i obvious to every one, and feeling well satisfied that al ench missiles thrown at me by him will fall harmless at my feet, I willhere, for the satisfaction of the public, publish my Copy Right, entered in the Southern Disrict of New York, on the 28th of December, 1854 (COPY RIGET.)

BOUTHERS DEFRICT OF NEW YORK, 55.

Be it remembered, That on the twenty-eighth day of December, Anno Domini 1954, Barnard L. Simpson. of the said instruct, hath deposited in the office the rite of a print of label, the tife of which with the words following, to-wit: "Barnard L. Simpson's Aromatic Schiedan Dunjer Schiappes, a superior Toute Anti-Byspectic Invigorating Cord al." the right whereof he claims a author and proprietor, in conformity with an act of Contras, end-ied "An act to smead the several act respecting coty rights." GEO. W. MUNITON.

The word Schiedam Schnappe is derived from a town in Holland, called "Shadem," which is celebrated as a place of extensive juniper plantations and numerous distilleries of the above article, which has been known as 'Schnappe' for centuries.

Doeait not appear, now, poor and deceitful fer U. W to attempt to make a wrong and un'rue impression or the public by asserting that the name "Schiedan Schnappe" belongs exclusively to his wrice, and that all others are counterfeits and impositions? U. W. has no monopoly, and no more right for the sole importation of Schiedam Schnapps than anybody else, and he may rost assured that I shall be the last to

submit to his c viustifiable pretensions. The great and increasing demand for my Gennin Schledam Schnappe in Louisville, and throng hout Ken tucky, has induced me to appoint Merers CLARK & JOHNSON, Wholesale Druggists, No. 509 Main street, a my agents for supplying the trade at my regular prices, and they will always be furnished with a full stock o' both quarts and pints, safely packed, in good ahipping

thanks to the public in general, and to my friends in partien'ar, for the kind liberality with which they have patronized me from my commencement of this enter price, and I assure them that I shall continue to provide them always with a gennine and superior article of Schiedam Schnapps. W. S. Conklin told me—'I had taken nine bottles of Christie's Ague Balsam, and continually ran down while using it, until my lange and liver were congested to that degree that blood discharged from my mouth and bowels, so that all thought it impossible for ms to test through another chill? The doctors too did all they could for me, but thought I must die. Nothlus street, between Fourth and E. 16. 2 did me any good until I got Emones' Fever and Acts Cure, which at once relieved me of the distress and nausea at my stomach and pain in my head and bowels, and produced a permanent cure in a short time." H. M. Conklin says: "I had been taking medicine of

my quantity of quinine and specifics without anys good result, from \$5th August to 17th December. But meeing how nicely it operated on my trother, I got a f ected a permanent cura by using two-thirds of a bot

The above ap-aks for itself. Good proof as it is, it is of no better tenor than the wast number of like certificates I have already published, and the atill greater

amount that is continually pouring into me.
One thing more. Last year I had occasion to CAU-THEN THE PUBLIC in these words:
"I notice one firm who have taken one of my general cor oulars, substituted the name of their nostrum for my

medicine, and then, with brazen impudence, end their pamphlet with the exclamation, 'Let the proprietor of any other medicine say as much if he dures," hec. Now I take pleasure in saying that the CAUTION re

THE GREATEST MEDICAL DISCOVERY OF THE AGE IS Ayer's Cathartic Pills.

That don't help complaints, but they cure them. One box has cured Dyspapsia. Three boxes have oured the worst cases of Scrofula Two boxes have cured Ery sipelas.

One box always cures the Janadice. Three boxes are sure to cleanse the system from Bolls-ofton less than one does it. Two boxes have completely cured the worst of Ulcers n the legs.

Smail doses seidem fail to cure the Piles. One dose cures the Headache arising from a foul Strong doses, often repeated, expel every Worm from

the body. They should be given to children, who are always more or less afflicted with this scourge. As a gettle Physic, they have no equal. One hox cures Derangement of the Liver. Haif a box cures a Cold.

They Purify the Blood, and thus strike at the founlation of every disease.

As a Dinner Pill, there is not their equal in the world. They are purely vegetable, and can do no harm, but empish an unaccountable amount of good. Prepared by Dr. J. O. AYER, Practical Chemist well, Mass., and sold by J. C. Ayer & Co., Cincinnati, all the Druggists in Louisville, Scribner & Devol. New Albany, and all Dealers in Medicina through

WASHINGTON, May 28. SENATE .- Mr. Pearce, from the Select Committee, appointed to investigate the facts attending he recent asseult upon Mr. Sumner, made a report in writing. It states that precedents are to be found only in the action of the House of Representatives. The Senate never having been called on to pronounce judgment in a similar case. General precedents are cited, and the committee came to the conclusion that although the assault was a violation of the privileges of the Senate, it is not within their livil state. is not within their juri-diction, and the off-nee can only be punished by the liouse of which Mr. Brooks is a member. This conclusion is in strict conformity with parliamentary law and the reourument. quirements of the constitution, and they therefore commend that the Senate make complaint to the House, and submit a resolution that the report be accepted, and a copy thereof, with the affidavite accompanying the same, be transmitted to the di-use of Representatives. Our papers contain the efficial protest of Mr. Marcoleta against the recognizance of the new government of Nicaragua. It is dated the 17th inst. He says he is wholly unable to discover the importance and weighty reasons which induced the United States Government to abandon its former position, and quotes various extracts from Mr. Marcy's letter in opposition to the recognition which he calls a most flagrant violation of divine and human laws, and an encouragement and sure guarantee of fall-busterism. He has addressed a similar protest to all the diplematic circles in Washington.

The mob fired upon an Indian a few miles from Lawrence, who has since died.

There are reports of fresh murders by a posse from Lecompton on the route to Lawrence. Previous to the entry of Lawrence by the mob, Gay. Shannon agreed in writing if the arms were delivered up to Col. Sumner, only a sufficient force would be allowed to make arrests. After the compliance the arms must be delivered to the posses and allow the destruction of the hotel offices and breakworks. Much indignation is felt at the action of the safety committee.
